The banner ad 200 x 90 pixels as shown in the example below. Please list the information you would like to include on your banner ad. For best results, keep the information to a minimum or promote a special/coupon. The banner will click through to your website or your business listing on the Chamber's website if you do not supply a website address in the space above. **If you wish to include your logo, you must email it to [webdev@pronetsinc.com](mailto:webdev@pronetsinc.com).**

I would like to run my banner ad for

\_\_\_\_ month(s)

OR

\_\_\_\_ until further notice (must notify chamber via email of cancellation)

The monthly billing of \$25 will begin when my banner is posted to the website. The creation of the initial banner ad will be included in the first month's billing. However, if changes are made to the banner ad, there is a \$15 charge for each change or new banner ad creation since the Chamber is billed for banner ad changes.

I understand there are 7 total banner ad slots on the Chamber's home page. If there are more than 7 banner ads in the system, the home page will randomly pull ads and will change each time the page is refreshed so all advertisers will have an equal chance. The Chamber website gets an average of 3,000-5,000 visits per month, so the ad will get ample exposure.
